

Hi Coach _____,

I just wanted to follow up on the email I sent you last week.

I know you must get a ton of emails each week, but so I wanted to reach out again in hopes that you'll have some time in the near future to check out my skills video (link to your skills video) and provide some feedback on whether or not I fit the type of player you're recruiting in the class of _____.

I'm very interested in _____(the university) and potentially playing for your baseball program. I really appreciate your time.

All the best,

____ (Your Name, Not Your Parents)
